What makes Twinbrook's 40 blocks Uptown's most walkable neighborhood?

A walk around a few blocks of this vibrant district, bounded by Prytania St., Danneel St, Jefferson Ave., and Valence St., reveals:

- *Historic homes
- *The most filmed house
- *One of New Orleans' oldest ladies' clubs
- *The MTV Real World House
- *The most visited house
- *New Orleans' oldest active movie theater

LSU AgCenter County Agent Anna Timmerman will take you on a short walk and identify some of the neighborhood's prevalent trees, plants, shrubs, and even weeds.

Architect Jay P. Dufour, AIA, and Editor Cathe Mizell-Nelson, Historic New Orleans Collection, will walk along with Anna and point out some of the neighborhood's architectural and historical features.
